

[TELECHARGER LE TORRENT Building Design Suite 2015 FRENCH 64 BITS](#)

The screenshot shows the GaussBox software interface. On the left is a vertical sidebar with a list of parameters: "states", "gaussians", "absolute regularization", "relative regularization", "likelihood window", and "Log". The main workspace displays a 2D plot with two overlapping ellipses, one light blue and one dark blue, with a small green ellipse at their intersection. The top of the interface has a blue header bar with "enable class" and "DEFAULT" labels, and a toolbar with icons for settings, save, and play. A status bar at the bottom of the workspace contains the text: "GaussBox is a design support tool for prototyping movement interaction using machine learning."
